Skills & abilities

- **Tech Skills:** HTML, CSS, JavaScript, python , github
- **Soft Skills:** Time Management, Problem solving, Active listening and presentation skills

Projects:

Food Delivery And Time Optimization

- Developed a Food Delivery And Time Optimization user interface with HTML and CSS with a team of 5 members.
- This project, I focused on implementing a crucial feature that allowed users to upload and analyze microscopic images of blood cells directly through the interface.
- Additionally, we paid close attention to the design and usability aspects of the interface.

Personal Interests:

- Travel
- Dancing
- Reading books
- coding

Languages:

- English:(proficient)
- Hindi: :(intermediate)
- Punjabi: (expert)
